

LDA Topics

Topic 1

strategy incentive
mechanism
service model cost
game
blockchain
transaction
system

Topic 2

algorithm
vehicle price trading
resource
energy
network
propose power
computing

Topic 3

message
set random
security
protocol
key follow
proof scheme
function

Topic 4

power
strategy
pool player
reward
miner mine
mining
block equilibrium

Topic 5

restriction
download
license
limited
true
vol false
april city
apply

Topic 6

financial
chain value
information
strategy
cost figure choose
model
analysis

Topic 7

supply chain
supply product
chain platform
blockchain
technology
blockchain technology
research
information

Topic 8

block bitcoin
network
node attack
time number
transaction
blockchain
consensus

Topic 9

access
application
provide
system
base
datum
blockchain
process user
security

Topic 10

exchange
smart contract
smart new
contract
game
token player address
ethereum
