

LDA Topics

Topic 1

transaction network
blockchain
node datum base
energy price
system propose

Topic 2

strategy
player miner mining
attack block pool
game transaction
protocol

Topic 3

service blockchain
user vol
true network task
edge resource
computing

Topic 4

information supply
chain model
blockchain platform
supply chain technology
research
blockchain technology

Topic 5

blockchain ethereum
application smart user
contract
game datum access
smart contract
