LDA Topics

Topic 1
platform
technology smart
solution
blockchain
access
application system
 or
security

Topic 2
define number
rate value
case
result time
show model
function

Topic 3
process
blockchain base
fee
transaction
system user block
time
number

Topic 4
order
make control
change well
new
individual even real
example

Topic 5
party function
ethereum client
send
contract address
state smart
participant

Topic 6
exchange
feature network
analysis
service bitcoin value
address
datum
transaction

Topic 7
consensus
attack trust
security node propose
key network algorithm
number

Topic 8
information
network method
model datum
machine
learning vol research
performance

Topic 9
mechanism
base strategy
model
value game
incentive
channel system
blockchain

Topic 10
function player equilibrium
set
game payoff
utility
follow strategy
theory

Topic 11
management
journal financial study
technology
digital research crossref
business
industry

Topic 12
student research
education
metaverse
virtual digital design
process learning
knowledge

Topic 13
information
system provider share
datum cloud
privacy service user
storage

Topic 14
validators
report reputation
voting peer witness
vote paper
proposal round

Topic 15
rational blockchains
deposit stake leader
protocol byzantine
coalition swap
collusion

Topic 16
authorize
univ city
utc true
xplore false april
download
restriction

Topic 17
scheme
utility blockchain
vehicle
pricing price game
propose optimal
stackelberg

Topic 18
asset
token nfts
gaming
price game
nft player market
ethereum

Topic 19
service network
cloud edge task
offload resource
computing
mobile device

Topic 20
blockchain
mining reward
attack miner pool
mine
bitcoin block
power

Topic 21
output message
scheme input
protocol key adversary
security query
encryption

Topic 22
trading electricity
smart energy buyer
seller
grid power price
market

Topic 23
technology platform
blockchain cost
consumer chain profit
supply
product information

Topic 24
model
term nline iley
ibrary doi
ong
iley.com article quantum

Topic 25
ferrugineous
fine exs amgs
male faunistics pale
laccophilus
specie mesh
