LDA Topics

Topic 1

smart contract ethereum
conference computer communications
electronic cash system
bitcoin peertopeer electronic
smart contract blockchain
new york usa
peertopeer electronic cash
trust third party
nakamoto bitcoin peertopeer
smart contract smart

Topic 2

smart contract deploy
energy trading system
peertopeer energy trading
single point failure   contract smart contract
blockchain smart contract
smart grid vol
trans smart grid
secure energy trading
smart contract base

Topic 3

wireless sensor network
proof work pow   blockchain internet thing
internet things iot
https :// doi
byzantine fault tolerance
:// doi org
practical byzantine fault
organized follow section
paper organized follow

Topic 4

blockchain cloud integration
transaction confirmation time
distribute ledger technology
account receivable financing
game theoretic analysis
central bank digital
bank digital currency
digital currency technology
bitcoin pool mining
introduction related work

Topic 5

gener comput syst
computing resource management
twostage stackelberg game
nash equilibrium point
school computer science
edge computing resource
internet things journal
national natural science
commun mag vol   things journal vol

Topic 6

electricity retail company
science technology china
game theoretic approach
department computer science
computer science engineering
base game theory
simulation result show
nash equilibrium strategy
stackelberg game model
electronic science technology

Topic 7

wood ethereum secure
bjk bjk bjk   enough bitcoin mining
online available access
smart con tract
ethereum smart contract
arxiv preprint arxiv
strategy nash equilibrium
nash equilibrium game
desire subsidy strategy

Topic 8

natural science foundation
evolutionary game model
lecture notes computer
evolutionary stable strategy   appl electron commer
supply chain finance
adopt blockchain technology
supply chain financial
science foundation china
theor appl electron

Topic 9

open access article
quality information disclosure
adopt blockchain technology
blockchain technology supply
base blockchain technology
smart learning environment
online tourism platform
block chain technology   profit supply chain
supply chain traceability

Topic 10

license limited city
utc xplore restriction
download april utc
univ download april
limited city univ
city univ download
april utc xplore
xplore restriction apply
authorize license limited

Topic 11

base blockchain technology
declare conflict interest
agricultural supply chain
conflict interest author
application blockchain technology
creative common attribution
show figure figure   author declare conflict

Topic 12

natural science foundation   paper xxx preprint
commun survey tuts
natural science tuts
mobile edge computing
science foundation china
deep reinforcement learn

Topic 13

peertopeer electronic cash
electronic cash system
two mining pool
international conference financial
cryptography data security
block withholding attack
financial cryptography data
conference financial cryptography
selfish mining attack
bitcoin mining pool

Topic 14

wireless commun vol
make matki matki
research interest include
proc int conf
trans veh technol
transaction vehicular technology
member receive degree

Topic 15

apply internet thing
internet thing journal
trans ind informat   digital object identifier
veh technol vol
internet thing vol
restriction apply transaction
ind informat vol
restriction apply internet
degree computer science

Topic 16

cmst cmst cmst
miner mining pool
cmss cmss cmss   game mining pool
cmbx cmbx cmbx
evolutionary game theory
mining pool selection
cmmi cmmi cmmi
evolutionary game model
kruidevitin kruidevwide kruidev

Topic 17

public key encryption
cryptography eprint archive
eprint archive report   cryptology eprint archive
lncs vol springer
vol springer heidelberg
vol springer cham
eurocrypt lncs vol

Topic 18

technology supply chai
international journal production
supply chain member
supply chain production
food supply chain
supply chain management
available online access
annals operations research
blockchain supply chain
peer review figure

Topic 19

hsamples csamples tilewidth
false false true
true false true
tilewidth tileheight quality
